

Westfield Arts College

March 2019

Dear Parents and Carers

Feedback from Parent, Carer and Pupil questionnaires

In January I wrote to you to ask for your views on the school and how we support your child. Many thanks to everyone who responded and shared their thoughts. We've now had a chance to collate all your responses which I am sending to everyone so that you know what parents, carers and pupils have told us.

The questionnaires include a summary of the responses to the questions we asked and also all the individual comments made. I would like to thank you for the very many positive comments about Westfield, which have been lovely to read. It means a lot to all of us that you appreciate the hard work and support of the staff.

There are always some areas for development and we welcome these. As part of the questionnaire we asked you what two suggestions you had to make Westfield better. I have looked at those suggestions and provided a response, so that it will hopefully be clearer how we address those areas or what we intend to do in the future.

I have also included the feedback provided by pupils, and this will be passed on to the School Council to think about any areas which we need to develop.

Thank you to everyone who took the time to share their views. This feedback will ensure that we continue to develop the provision at Westfield to be the best that it can be for our pupils.

Yours sincerely

Seán Kretz

Head Teacher
